University of Tsukuba

Supplementary Examination (Online) for Examinees Unable to be Present
Due to the New Coronavirus COVID-19
(Graduate School Entrance Examinations (August Selection Process)
for Academic Year 2023)

Supplementary examinations will be held online as a special provision for examinees for the August entrance examinations that are unable to be present at the examination venue due to the effect of COVID-19, etc.

Those examinees must obtain authorization by submitting an “[Supplementary Examination Application Form](#)” to the contact desk for their program (place for submission of application documents).

Note that the date and method, etc., for the supplementary examinations will be set for each program, so examinees must check a [separate table](#).

Schedule for Supplementary Examinations Due to the Effect of the New Coronavirus COVID-19 (Overview) (August Selection Process)

The following supplementary examination schedule is for the special provision supplementary examinations to be held online for examinees in the August Selection Process that are unable to come to the entrance examination venue due to the effect of the new coronavirus COVID-19.

To take a supplementary examination, it is necessary to apply and obtain authorization from the university in advance, so those wanting to take a supplementary examination should apply by submitting a "Supplementary Examination Application Form" on this site.

【Graduate School of Science and Technology】

Degree Programs in Pure and Applied Sciences

Program Name	Selection Category	Supplementary examination schedule	Supplementary examination time	Examination subject	Examination method
Master's Program					
Mathematics	General Selection Process, Special Selection Process for Working Individuals	August 29, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (100 points) Oral Examination (300 points)	For the specialized subject and oral examination, an online interview of about 50 minutes will be held using Zoom (of which the specialized subject will be about 30 minutes and the oral examination about 20 minutes). For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Physics	General Selection Process, Special Selection Process for Working Individuals	August 29, 2022 or August 30, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (100 points) Oral Examination (300 points)	For the specialized subject, there will be a written examination online. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Chemistry	General Selection Process, Special Selection Process for Working Individuals	August 30, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (200 points) Oral Examination (400 points)	For the specialized subject and oral examination, an online interview of about 40 minutes will be held using Zoom (of which the specialized subject will be about 30 minutes and the oral examination about 10 minutes). For the foreign language, the external English language proficiency score will be evaluated (no change from the Graduate Admissions guidelines).
Engineering Sciences Subprogram in Applied Physics	General Selection Process, Special Selection Process for Working Individuals	August 29, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (500 points) Foreign Language (200 points) Oral Examination (300 points)	For the specialized subject, we will hold an online interview using Zoom or an online examination using manaba. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Engineering Sciences Subprogram in Materials Science	General Selection Process, Special Selection Process for Working Individuals	August 29, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (500 points) Foreign Language (200 points) Oral Examination (300 points)	For the specialized subject, we will hold an online interview using Zoom or an online examination using manaba. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Doctoral Program					
Mathematics	General Selection Process, Special Selection Process for Working Individuals	August 30, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview for about 30 minutes using Zoom (of which a presentation on the master's thesis results or plan will be about 20 minutes, and a question-and-answer session about 10 minutes)
Physics	General Selection Process, Special Selection Process for Working Individuals	August 30, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview using Zoom
Chemistry	General Selection Process, Special Selection Process for Working Individuals	August 30, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview for about 30 minutes using Zoom
Engineering Sciences Subprogram in Applied Physics	General Selection Process, Special Selection Process for Working Individuals	Entrance examinations in August will be held online. There will be no supplementary examinations.			
Engineering Sciences Subprogram in Materials Science	General Selection Process, Special Selection Process for Working Individuals	August 30, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview using Zoom. Presentation regarding the master's thesis or research accepted as being equivalent (about 15 minutes) and questions and answers (about 15 minutes).
Engineering Sciences Subprogram in Materials Science and Engineering	General Selection Process, Special Selection Process for Working Individuals	August 24, 2022 or August 26, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Oral Examination (200 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the oral examination there will be an online interview for about 30 minutes using Zoom.

Degree Programs in Systems and Information Engineering

Program Name	Selection Category	Supplementary examination schedule	Supplementary examination time	Examination subject	Examination method
Doctoral Program(five-year)					
Empowerment Informatics (First Year Enrollment)	General Selection Process	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Application Document Screening (100 points) Oral Examination (200 points)	As part of the document review and oral examination, students will give a presentation of their research plan (about 5minutes) and career plan (about 5 minutes), followed by a Q&A session (about 10 minutes).
Empowerment Informatics (Third Year Enrollment)	General Selection Process	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Application Document Screening (100 points) Oral Examination (200 points)	As part of the document review and oral examination, students will give a presentation of their research achievement and plan (about 10minutes) and career plan (about 5 minutes), followed by a Q&A session (about 15 minutes).
Master's Program					
Policy and Planning Sciences	General Selection Process	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	English (100 points) Specialized Subject (100 points) Oral Examination (200 points)	Online examination (Specialized subject , and oral examination)
	Special Selection Process for Working Individuals	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (100 points)	Online interview using Zoom (about 20 minutes)
Service Engineering	General Selection Process	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	English (100 points) Specialized Subject (100 points) Oral Examination (200 points)	Online examination (Specialized subject , and oral examination)
	Special Selection Process for Working Individuals	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (100 points)	Online interview using Zoom (about 20 minutes)
Risk and Resilience Engineering	General Selection Process	August 26, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	English (200 points) Oral Examination (300 points)	Online interview using Zoom (Oral examination (about 20 minutes) and checking of English score (about 5 minutes))
	Special Selection Process for Working Individuals	August 26, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (300 points)	Online interview using Zoom (about 20 minutes)
Computer Science	General Selection Process	August 26, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	English (100 points) Oral Examination (400 points)	Online interview using Zoom (Oral examination (about 20 minutes) and checking of English score (about 5 minutes))
	Special Selection Process for Working Individuals	August 26, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	English (100 points) Oral Examination (200 points)	Online interview using Zoom (Oral examination (about 20 minutes) and checking of English score (about 5 minutes))
Intelligent and Mechanical Interaction Systems	General Selection Process	August 29, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Transcript (200 points) English (100 points) Oral Examination (300 points)	Transcript from the examinee's university will be evaluated (no change from the Graduate Admissions application guidelines). The score of the external English examination will be evaluated (no change from the Graduate Admissions application guidelines). As the oral examination, there will be an online interview for about 60 minutes using Zoom (Basic academic ability questions (about 45 minutes, simultaneously using manaba), and questions regarding current research content, reasons for application, and research plan (about 15 minutes)).
	Special Selection Process for Working Individuals	Entrance examinations in August will be held online. There will be no supplementary examinations.			
Engineering Mechanics and Energy	General Selection Process	August 26, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Transcript (200 points) English (100 points) Oral Examination (400 points)	Transcript from the examinee's university will be evaluated (no change from the Graduate Admissions application guidelines). The score of the external English examination will be evaluated (no change from the Graduate Admissions application guidelines). As the oral examination, there will be an online interview for about 40 minutes using Zoom.
	Special Selection Process for Working Individuals	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (200 points)	Online interview using Zoom (about 40 minutes)
Life Science Innovation (Bioinformatics)	General Selection Process	August 24-26, 2022	Individual adjustment after supplementary examination authorization	English proficiency (100 points) Individual Interview (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). There will be an online interview using Zoom (oral presentation regarding research plan about 10 minutes, questions and answers about 10-20 minutes).

Program Name	Selection Category	Supplementary examination schedule	Supplementary examination time	Examination subject	Examination method
Doctoral Program					
Policy and Planning Sciences	General Selection Process	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (100 points)	Online interview using Zoom (about 25 minutes)
	Special Selection Process for Working Individuals	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (100 points)	Online interview using Zoom (about 25 minutes)
Risk and Resilience Engineering	General Selection Process	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (300 points)	Online interview using Zoom (about 30 minutes)
	Special Selection Process for Working Individuals	August 25, 2022 (Tokyo Campus: August 29, 2022)	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (300 points)	Online interview using Zoom (about 30 minutes)
Computer Science	General Selection Process	Entrance examinations in August will be held online. There will be no supplementary examinations.			
	Special Selection Process for Working Individuals				
Intelligent and Mechanical Interaction Systems	General Selection Process	Entrance examinations in August will be held online. There will be no supplementary examinations.			
	Special Selection Process for Working Individuals				
Engineering Mechanics and Energy	General Selection Process	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (200 points)	Online interview using Zoom
	Special Selection Process for Working Individuals	August 25, 2022	Individual adjustment will be made after the student is permitted to take supplementary examination	Oral Examination (200 points)	Online interview using Zoom
Life Science Innovation (Bioinformatics)	General Selection Process	August 24-26, 2022	Individual adjustment after supplementary examination authorization	English proficiency (100 points) Individual Interview (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). There will be an online interview using Zoom (oral presentation regarding research plan about 10 minutes, questions and answers about 10-20 minutes).

Degree Programs in Life and Earth Sciences

Program Name	Selection Category	Supplementary examination schedule	Supplementary examination time	Examination subject	Examination method
Master's Program					
Biology	General Selection Process (general students)	August 26, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Specialized Subject (100 points) Oral Examination (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the specialized subject there will be online interview for about 20 minutes using Zoom. For the oral examination there will be an online interview for about 20 minutes using Zoom.
	General Selection Process (foreign students)	August 26, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (100 points)	Online interview for about 30 minutes using Zoom (no change to examination contents from the Graduate Admissions guidelines)
	Special Selection Process for Working Individuals	August 26, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (100 points)	Online interview for about 30 minutes using Zoom (no change to examination contents from the Graduate Admissions guidelines)
Agro-Bioresources Science and Technology	General Selection Process	August 25, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Oral Examination (200 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the oral examination there will be an online interview using Zoom.
	Special Selection Process for Working Individuals	August 25, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (100 points)	Online interview for about 20 minutes using Zoom
Geosciences	General Selection Process	August 26, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (150 points) Specialized Subject (250 points) Oral Examination (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the specialized subject and oral examination there will be an online interview for about 40 minutes using Zoom (specialized subject about 25 minutes, oral examination about 15 minutes).
Environmental Sciences	General Selection Process	Entrance examinations in August will be held online. There will be no supplementary examinations.			
	Special Selection Process for Working Individuals				
Mountain Studies	General Selection Process	August 25-26, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Specialized Subject (100 points) Oral Examination (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the specialized subject there will be oral questions online using Zoom for about 25 minutes. For the oral examination there will be an online interview for about 15 minutes using Zoom (no change to the contents of the interview from the Graduate Admissions guidelines).
	Special Selection Process for Working Individuals	August 25-26, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (100 points)	Individual online interview for about 20 minutes using Zoom (no change to interview contents from the Graduate Admissions guidelines). However, the presentation document in PDF format should be submitted in advance as a reserve, in case of problems during the online presentation.
Life Science Innovation (Food Innovation) Life Science Innovation (Environmental Management) Life Science Innovation (Biomolecular Engineering)	General Selection Process	August 24-26, 2022	Individual adjustment after supplementary examination authorization	English proficiency (100 points) Individual Interview (100 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). There will be an online interview using Zoom (oral presentation regarding research plan about 10 minutes, questions and answers about 10-20 minutes).
