

## About the TOEIC Digital Official Score Certificate

The TOEIC Digital Official Score Certificate, which is issued to students who have taken the TOEIC public test from April 2023 onwards, can be used for the University's postgraduate entrance examination.

If you are submitting a 'TOEIC Digital Official Score Certificate', you do not need to submit an 'Official Score Certificate' (original).

If you wish to submit the TOEIC Digital Official Score Certificate as an application document, please do the following two things.

1. When entering information on English scores online, there is a field for entering the URL of the TOEIC Digital Official Score Certificate, so please copy and paste the URL of the Digital Official Score Certificate, which will be notified by the TOEIC Office via email.

(\*If your application method is an entrance examination that is not web-based, please follow only procedure 2 below. The University's administrative staff will contact you as necessary after receipt of the submitted documents).

2. Print out the TOEIC Digital Official Score Certificate and send it by post together with the other documents.
