University of Tsukuba

Supplementary Examination (Online) for Examinees Unable to be Present
Due to the New Coronavirus COVID-19
(Graduate School Entrance Examinations (January to February Selection Process)
for Academic Year 2022)

Supplementary examinations will be held online as a special provision for examinees for the January to February entrance examinations that are unable to be present at the examination venue due to the effect of COVID-19, etc.

Those examinees must obtain authorization by submitting an “[Supplementary Examination Application Form](#)” to the contact desk for their program (place for submission of application documents).

Note that the date and method, etc., for the supplementary examinations will be set for each program, so examinees must check a [separate table](#).

Supplementary Examination Application Period

◆ January to February Entrance Examinations December 8 (Wed) to January 21 (Fri) _____

However, even after the above application periods, if the applicant's condition has not recovered by the day of the examination as a result of the observation or circumstances change suddenly, it may be possible to apply anytime (up to the day of the examination).

Note that telephone calls will be accepted up until 10:00 am on the examination day.

【Submission of the form: Contact desk (place for submission of application documents)】

Supplementary Examination Application Form

Application date: _____ Year _____ Month _____ Day _____

Application graduate school name: _____

Application degree program name: _____

Application master's or doctoral program name: _____

Entrance examination category: (Check the applicable category)

- General Selection Process
- Special Selection Process for Working Individuals
- Other (_____)

Scheduled entrance examination date: _____ Year _____ Month _____ Day _____

Examinee number	
Name of examinee	
Address, including zip code	
Telephone number	
Email	

I am applying to take the supplementary examination because the following reason has not been resolved until the day of the examination.

1 Reason for application [check any of the following reasons]

- (1) I have been infected with the new coronavirus COVID-19, and am not likely to recover by the examination day
 (2) I have been deemed by a health care center to have come into close contact with an infected person within the past 14 days including the examination date
- (3) Within the past 14 days including the examination date, a person that I live with has tested positive with a PCR test and I am in quarantine at home
- (4) I have had symptoms such as fever or coughing up to the examination date, and the symptoms have not recovered on the examination date
- (5) I have symptoms such as fever or coughing on the examination date
- (6) I am entering Japan from abroad, and the Entrance examination day is within 14 days after the next day of my arrival.
- (7) I reside overseas, and it is cannot come to Japan due to immigration restrictions, etc.
- (8) Another unavoidable reason
 (Reason: _____)

2 In the case of the above reasons (1), (4), or (5), attach a “medical certificate”, in the case of (2) or (3), attach the “Health Observation Record Table”, in the case of (6), attach the “Health Observation Record Table” and “a copy of a document certifying the date of entry into Japan”, and in the case of (8), consult with Contact desk (the same place as you submitted the application documents) in advance.

Note) If a fever, etc., occurs immediately before the examination so the medical certificate is not available by the examination date, contact the examination venue of the fact, then send the medical certificate at a later date.

Schedule for Supplementary Examinations Due to the Effect of the New Coronavirus COVID-19 (Overview) (January to February)

The following supplementary examination schedule is for the special provision supplementary examinations to be held online for examinees in the January to February Selection Process that are unable to come to the entrance examination venue due to the effect of the new coronavirus COVID-19. To take a supplementary examination, it is necessary to apply and obtain authorization from the university in advance, so those wanting to take a supplementary examination should apply by submitting a "Supplementary Examination Application Form" on this site.

Master's Program					
Mathematics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 February 3, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (100 points) Oral Examination (300 points)	For the specialized subject and oral examination, an online interview of about 50 minutes will be held using Zoom (of which the specialized subject will be about 30 minutes and the oral examination about 20 minutes). For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Physics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 February 3, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (100 points) Oral Examination (300 points)	For the specialized subject, there will be a written examination online. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Chemistry	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (600 points) Foreign Language (200 points) Oral Examination (800 points)	For the specialized subject and oral examination, an online interview of about 40 minutes will be held using Zoom (of which the specialized subject will be about 30 minutes and the oral examination about 10 minutes). For the foreign language, the external English language proficiency score will be evaluated (no change from the Graduate Admissions guidelines).
Engineering Sciences Subprogram in Applied Physics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (500 points) Foreign Language (200 points) Oral Examination (300 points)	For the specialized subject, we will hold an online interview using Zoom or an online examination using manaba. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Engineering Sciences Subprogram in Materials Science	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 ~ February 4, 2022	Individual adjustment after supplementary examination authorization	Specialized Subject (500 points) Foreign Language (200 points) Oral Examination (300 points)	For the specialized subject, we will hold an online interview using Zoom or an online examination using manaba. For the oral examination, there will be an online interview using Zoom. For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines).
Materials Innovation	General Selection Process, Special Selection Process for Working Individuals	Entrance examinations in January to February will be held online. There will be no supplementary examinations.			
Doctoral Program					
Mathematics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 February 3, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview for about 30 minutes using Zoom (of which a presentation on the master's thesis results or plan will be about 20 minutes, and the oral examination about 10 minutes)
Physics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 February 3, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview using Zoom
Chemistry	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview for about 30 minutes using Zoom
Engineering Sciences Subprogram in Applied Physics	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Oral Examination (200 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the oral examination there will be an online interview for about 30 minutes using Zoom.
Engineering Sciences Subprogram in Materials Science	General Selection Process, Special Selection Process for Working Individuals	February 2, 2022 ~ February 4, 2022	Individual adjustment after supplementary examination authorization	Oral Examination (200 points)	Online interview using Zoom. Presentation regarding the master's thesis or research accepted as being equivalent (about 15 minutes) and questions and answers (about 15 minutes).
Engineering Sciences Subprogram in Materials Science and Engineering	General Selection Process, Special Selection Process for Working Individuals	January 31, 2022 , February 2, 2022 ~ February 3, 2022	Individual adjustment after supplementary examination authorization	Foreign Language (100 points) Oral Examination (200 points)	For the foreign language, the external English language proficiency test score will be evaluated (no change from the Graduate Admissions guidelines). For the oral examination there will be an online interview for about 30 minutes using Zoom.
Materials Innovation	General Selection Process, Special Selection Process for Working Individuals	Entrance examinations in January to February will be held online. There will be no supplementary examinations.
